About Me

As a dedicated Multimedia Production Specialist with 5 years of experience at SGE International, I excel in managing print, video, and graphic design projects from conception to delivery. Skilled in Adobe Premiere Pro, After Effects, and Audition, I create compelling video content and engaging visual materials. My notable projects include branding several corporate training modules, and producing training videos consistently aligning with corporate branding standards.

Work Experience

Multimedia Production Specialist

SGE International - Las Vegas NV
June 2019 - Present

Over the past 5 years as a Multimedia Production Specialist at SGE International, I have managed diverse responsibilities in print production, video production, and graphic design. My work includes developing and managing production schedules, editing documents, overseeing video projects from conception to final delivery, operating and setting up video equipment, and performing post-production tasks using Adobe Premiere Pro, After Effects, and Audition. I also create engaging PowerPoint presentations, develop custom graphics and infographics, and design consistent templates aligning with corporate branding.

Assistant Graphic Artist

Cashman Photo Enterprises - Las Vegas NV
June 2015 - April 2019

As Assistant Graphic Designer I have had numerous opportunities to make products that people from all over the world come and purchase. In my role I have learned to produce a wide variety of visual assets in several media modalities including, print, video, and digital channels. I gained experience in the Adobe Suite, logo design, designing marketing collateral, Movie/Video work (Writing, Directing, Filming, Editing, Sound), Microsoft Office.

Education

Associate of Arts
